BRACCHI
TRANSPORT & LOGISTICS

ABOUT US

Bracchi is one of the **most important logistics and transport players in Europe**, managing tailor-made services in highly specialized niche sectors.

Founded as a local transport company, it has grown over the years to become a **trusted partner for leading international companies in their sectors**.

Thanks to the **articulated offer of tailor-made services with high added value**, the company builds a strong image and is able to meet the needs of very different customers.

OUR VALUES

TRADITION

The experience built up over the years is our strength. We remain faithful to the principles of reliability and quality. On these values have been built the solid foundations that guide us in our daily lives and on which we base our future growth.

INNOVATION

We look to the future to offer our customers state-of-the-art solutions. Thanks to continuous investment in growth and excellent market analysis, we are able to anticipate and meet the needs of our customers. Improving our work and services is the most important challenge we face on a daily basis.

PASSION

Our success is based on people: a highly qualified team of professionals who work every day with passion and strong team spirit. Daily activities are guided by dedication, enthusiasm, collaboration and proactivity.

OUR HISTORY. A LONG JOURNEY.

FOUNDATION

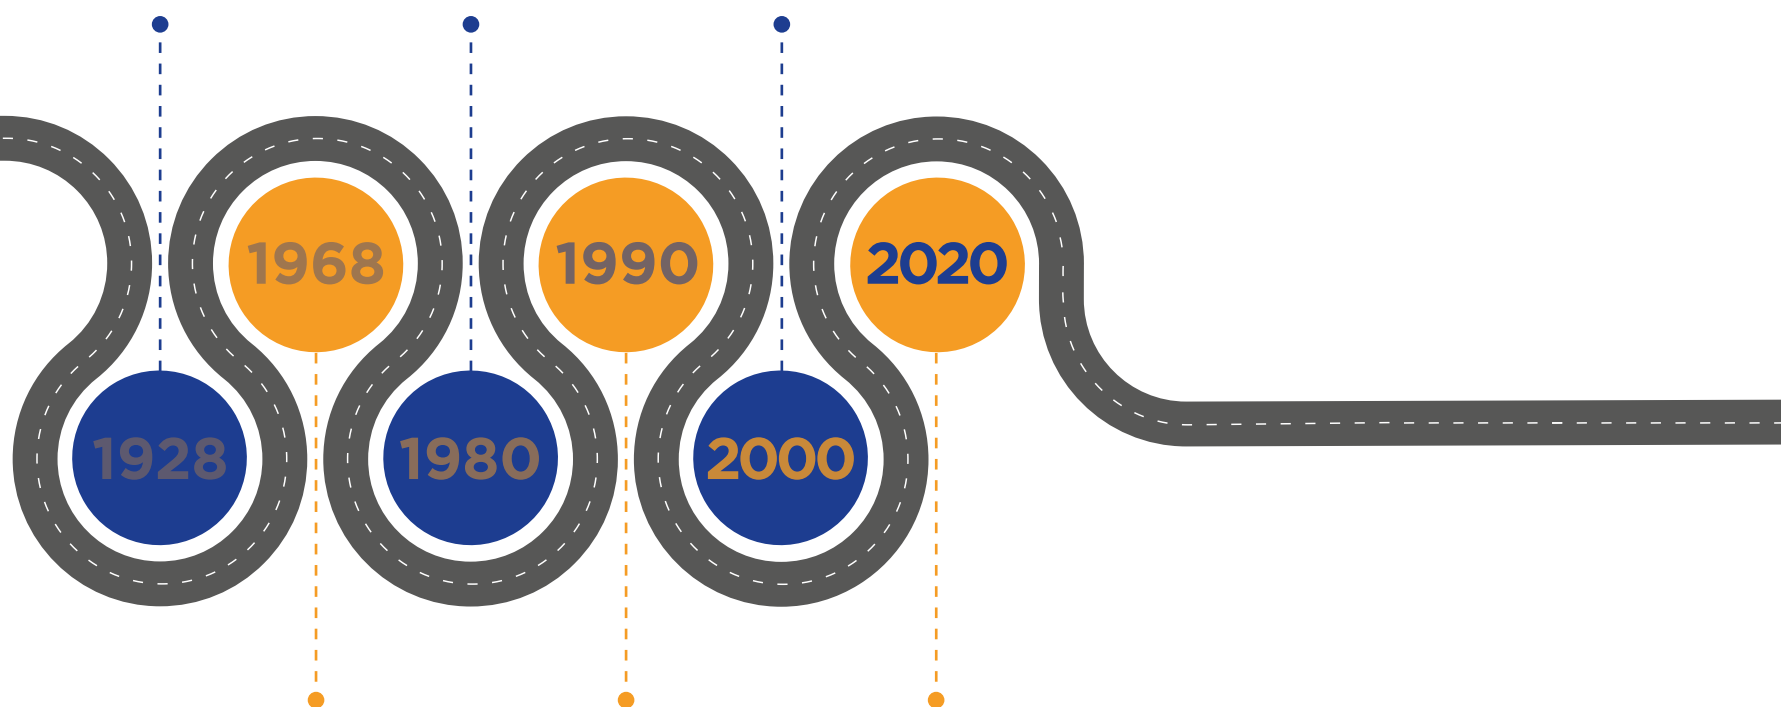

Bracchi S.r.l. was founded in 1928 as a local transport company. The company's aim is immediately clear: offering specific transport services for every need at high added value.

TOWARDS NEW HORIZONS

The company widens its horizons more and more, expanding its business in Europe and especially in the Eastern Area

NETWORK EXPANSION IN EUROPE

Bracchi's first foreign branch is established in Lublin (Poland). In 2010, the Slovak office in Levice opens. In 2015 the German branch of Bracchi is inaugurated in Ettenheim. In 2019, a new hi-tech logistics center is born in Slovakia, a 65,000 sq.m. warehouse in Kostolné Kracany.

THE COMPANY GROWS AND EXPANDS IN ITALY

In the 1970s, the company expanded its presence nationwide, becoming a benchmark in highly specialised sectors.

INTEGRATED LOGISTICS

In 1994 new Headquarter opens in Fara Gera d'Adda (BG). Bracchi expands the range of services starting the development of integrated logistics solutions and the creation of a new department dedicated to sea and air transport.

FASHION LOGISTICS AND EXCEPTIONAL TRANSPORT

In 2016 IGI SGR, an Italian Private Equity fund, invests with a group of managers in Bracchi and opens a new phase of development. In 2018, with the acquisition of BAS Group (VI), the company expands the range of services to new businesses such as fashion, e-commerce, food and beverage. In 2020 Bracchi acquires Trasporti Peterlini, a company from Sorbolo (PR) specialized in transport up to 100 tons.

MISSION

OUR MISSION

Our aim is to guarantee a **complete range of transport and logistics solutions**, caring for the customer efficiently, quickly and reliably.

Your needs are at the heart of our commitment, with a view to steady improvement. Every day we put our passion at stake in order to guarantee a **personalized service, with a flexible, listening and result-oriented offer**.

Punctuality of deliveries, transparency and consulting support are among the aspects that distinguish us. **The enhancement of customers, employees and know-how** is our orientation, our core value, our driving force.

A SHARED VISION

Of all the roads we travel every day, the most important is the one that has as its goal **customer satisfaction, quality of services and attention to the environment**.

Our vision looks at a perfect balance between **sustainability, cost optimization and on-time delivery**.

Each goal represents a new starting point for us. We grow for our customers and with our customers, in a **steady progress in terms of training, technology and efficiency**.

VISION

TECNOLOGY

ADVANCED LOGISTICS TECHNOLOGIES

We choose only the most updated information systems to support our operational processes. This allows us **full interface with the customer's system**, which has the possibility to track stored goods, know expiry dates and generate automatic reports.

Our solutions include:

- Barcode
- EDP System
- RF systems
- B2B Interfaces
- Traceability Handling Units
- WAS Systems

CONSTANT TRACKING OF SHIPMENTS

Track & Tracing allows you the following of the shipments step by step, up to the delivery. This dedicated, real-time online service is supported by a customer service team with people on hand to provide any information required.

TRANSPORTS SAFETY

We offer state-of-the-art services and products for the security of the goods transported:

- Constant monitoring of vehicles
- 24-hour Operations Centre
- Active security on vehicles from level 1 to 5
- Geo Fencing
- Anti-jammers, unmarked packages, etc.

ENVIRONMENT

GREEN LOGISTICS FOR A GREATER COMMITMENT TO SUSTAINABILITY

Bracchi is constantly **looking for innovative solutions to efficient and environmentally friendly logistics**, thanks also to an always more marked digitalisation and optimisation of industrial processes.

Our commitment is oriented towards the use of rail and sea transport, but also the acquisition of a fleet of own vehicles with a high Euro 5 or 6 classification for road transport, the use of **software and technologies that improve the entire supply chain and reduce waste**.

There are also initiatives to **rationalise packaging and reduce the environmental impact of warehouses**. Waste recovery initiatives, i.e. the recovery of packaging materials, are also very important.

SAFETY & CERTIFICATIONS

A SOLID SAFETY MANAGEMENT SYSTEM | SMS

Our commitment is to ensure a safe working environment for our employees, customers and visitors by **promoting a robust safety management system | SMS**, founded on risk control and accident prevention.

For Bracchi, the commitment to achieve its social goals is fundamental. The safety, health and well-being of its workers are inseparable elements of the corporate aims that the company pursues daily.
